RELEVANT EXPERIENCE

PlayerLync | Junior Web Developer | Feb 2018 - Nov 2018

As a member of the front-end web development team, contributed to building web applications including: content uploading, content viewing and downloading, learning course viewing and tracking, custom form building, and admin portal for managing users, groups, devices, and organizations. Supported and assisted in the migration of existing admin portal, updating from AngularJS to Angular 6.

Trilogy Education | Teaching Assistant | Jan 2018 - Present

Teaching Assistant at The Coding Bootcamp at University of Denver teaching full stack web development including HTML, CSS, Bootstrap, JavaScript, jQuery, Node, Express, MongoDB, MySQL, and React. Curriculum emphasis on MERN stack.

GuidePoint Security | Developer Intern | Oct 2017 - Feb 2018

Deliverables include MEAN stack content library for vSOC Analysts and MERN stack vSOC customer onboarding scoping questionnaire with admin portal for sending invitation links and adding new questions, with customer responses sent back to GuidePoint as PDF reports via email.

Cabela's | Social Compliance Auditor | Feb 2015 - Apr 2016

Coordinated a cross-functional international team to ensure social compliance requirements were included in the responsible global sourcing strategy. Collected, analyzed, and reported company Conflict Minerals data in compliance with Section 1502 of the Dodd-Frank Act. Communicated daily with internal and external stakeholders at all levels of organizations on matters related to Social Compliance and Conflict Minerals. Received recognition for developing a process of identifying new vendors and factories from multiple sources of data, as well as managing social compliance and conflict minerals data associated with vendors and factories.
